

The Cornelius Business Factory announced on Wednesday that member company Bio-Dry has hired Ed Bellaire. Mr. Bellaire will be leading the Bio-Dry Initiative to increase national awareness of its green, patented surface cleaning products and services.

Mr. Bellaire's background includes successfully starting and running three different businesses, Media Marketing Group, LoadRunner, and Secure Homes. These companies are primarily focused on marketing services and product development.

"We are very excited to have Mr. Bellaire as part of the Bio Dry team," said Jon Michel President of Bio Dry. "As we start to expand our product and services offerings nationwide Mr. Bellaire will be an integral part of that expansion program."

Bio-Dry was established in 2001 and is a Cornelius, NC based business specializing in Marketing Green products to the commercial property maintenance industry. Bio Dry is a Charter Member of the Cornelius Business Factory.
